ELLIOT EXPANDS ACCESS TO QUALITY HEALTHCARE IN HOOKSETT

Hooksett, NH-- Elliot Health System hosted a VIP Ribbon Cutting Ceremony for the opening of their new ambulatory care center on Wednesday, July 15th at **The Elliot at Hooksett**. “Bringing our providers together under one roof in a setting that allows for ancillary services such as lab, imaging, radiology and rehabilitation makes our model seamless for the patients we serve,” said Rick Phelps, MD, Executive VP, Clinical Operations. “Elliot believes strongly that local access is the first barrier to having a primary care physician. With this model we improve access and give more

families a chance to join our skilled network of physicians who are linked with our electronic medical record to the entire Health System,” noted Phelps.

The Elliot at Hooksett is comprised of two phases. The first phase consists of 33,000 square feet. In Phase 1, the services include two primary care practices that encompass family medicine, internal medicine and pediatrics. Elliot Family Medicine at Hooksett is staffed with 3 board certified family-practice physicians and Elliot Primary Care and Pediatrics at Riverside currently has 3 double-board certified physicians, certified in both Pediatrics and Internal Medicine.

In addition to the primary care offices, phase one includes Lab Services, Rehabilitation Services, Imaging (x-ray), Behavioral Health and a Specialty Suite. Currently, physicians in the specialty suite include those from Elliot General Surgical Specialists and Elliot Pediatric Specialists. There is also a conference room available to the public.

For future expansion, phase two is approximately 22,000 square feet. “It is undetermined at this time which services will occupy the expansion space, however the foundation has already been poured for our future growth in this community,” explained Phelps.

With additions to this facility such as radiology utilizing advanced digital technology, walk in hours for the laboratory, and rehabilitation for all types of patients, The Elliot at Hooksett is sure to make access to healthcare more convenient than ever before. The Elliot at Hooksett is located at 20 Chambers Road with plentiful parking at each entrance.
