ELLIOT URGENT CARE NOW OPEN

Serving Londonderry, Derry, Manchester, Windham, Salem, Hudson and more

MANCHESTER, NH: Southern New Hampshire residents may no longer need to endure long waits in local emergency rooms to receive treatment for minor health problems. Elliot Urgent Care at Londonderry, officially open to the public as of 10 a.m., October 22, provides quality care for non-life threatening illnesses and injuries.

“Urgent care offers a unique service to the community,” says Dr. Greg Baxter, Medical Director, Elliot Emergency Services. “Until now, residents only had the option of waiting for an appointment with their primary care physician or visiting an emergency room, where they may have waited for hours while emergency cases were treated. Now, they can visit urgent care for faster treatment without an appointment.”

Elliot Urgent Care is located within the Elliot Medical Center at Londonderry at 40 Buttrick Road, off Route 102 in Londonderry, just two miles from Exit 4 along Interstate 93. The center will be open seven days a week: Monday through Friday, 10 a.m. to 9 p.m.; Saturday and Sunday, 9 a.m. to 4 p.m.

Treatment is available for such conditions as: bronchitis, cold and flu, sore throat, ear ache, fractures, cuts and lacerations, sports injuries, urinary tract infections and more. Vaccinations for tetanus, pertussis and influenza are also available.

While Elliot Urgent Care at Londonderry isn’t designed to treat emergency or life-threatening health problems, it is staffed by specially trained Board-certified emergency physicians and nurses to provide the highest level of care possible. Other conveniences include a lab and X-ray so tests can be quickly completed on-site.

Elliot Urgent Care at Londonderry is a department of Elliot Hospital. For more information about urgent care, call 552-1550 or visit www.elliottatlondonderry.com.

Elliot Health System is the largest provider of comprehensive healthcare services in Southern New Hampshire, the cornerstone of which is Elliot Hospital, a 296-bed acute care facility and the first community hospital in the state. Elliot is home to Manchester’s designated Regional Trauma Center, a Level 3 Newborn Intensive Care Unit, Elliot Physician Network, Elliot Regional Cancer Center, the Elliot Senior Health Center, Visiting Nurse Association of Manchester and Southern New Hampshire, and Elliot 1-Day Surgery Center. For more information on any of Elliot’s services, call ELLIOT ON-CALL at 663-4567.
