

Shelf-Care Book Club

Books have the power to inspire, comfort, and bring people together. Join our Shelf-Care Book Club for meaningful conversation, shared experiences, and connection in a welcoming and supportive environment.

Each month, participants read a selected book and gather to discuss its themes, insights, and personal reflections. Whether the conversation sparks laughter, inspiration, or thoughtful discussion, this group offers an opportunity to connect with others while exploring stories that resonate. Books and refreshments are provided. No literary expertise required.
