

The Elliot

A Member of  SOLUTIONHEALTH

What is a Hospitalist?

A Hospitalist is an acute care physician who cares for patients in the hospital. All the Elliot physicians are board certified in internal medicine, family practice and/or pediatrics. Our doctors are there for the patient from the time of admission until discharge. The Elliot Hospitalists manage your care, coordinating and consulting with specialists, monitoring your progress, and staying in close touch with you, your family and your primary care physician.

How does the Hospitalist Program work?

When you are admitted to the hospital, your primary care doctor updates the Hospitalist on your condition and your medical history. The Hospitalist then takes over the care while you are here in the hospital. Our doctors will update your primary care physician of significant events during your stay, and coordinate a smooth transition of your care upon discharge. They provide your physician with a discharge summary that outlines the care you received here, results of tests and any medications that you are prescribed. If you do not have a primary care doctor, we would be happy to help make arrangements for a follow up with a new doctor after discharge.

Meet Our Hospitalist Team:

Mackenzie Bartlett, MD
Pediatrics Hospitalist

Andreea Bobocea, MD

Christopher Brauer, MD
Hospitalist Intensivist

Jonathan Briggs, MD, FACP

Megan Clark, DO

Hetal R. Dave, MD

Kathi DeGregorio, APRN

Chelsea Dixon-Dionne, DO

Henry John James Ess IV, DO

Hina Haque, MD

Allison Harb, PA-C

Angel Honor, MD

Allison A. Hutson, DO

Blair Johnson, MD

Colleen Del Rosario Jocson, MD

Lauren Kasparian, APRN

Vahagn Kotsinyan, MD

Manuel Labour, MD

Jerry Landry, APRN

Jessica Lavoie, PA-C

Pia Marie E. Lehouillier, MD

Luigi Lim, MD

Stephen Loosigian, DO

Marjan Makatam-Abrams, MD
Pediatrics Hospitalist

Hazel Marzan, MD

Jessica McIntyre, MD
Pediatrics Hospitalist

Matthew Meagher, PA-C

Toyin Oshin, APRN

Kristina Parisien, MD
