

Web-Based Ordering and Result Reporting

Offered by

In keeping with our commitment to provide our community physicians with the best and most up-to-date service, Elliot Hospital Laboratory's outreach program is pleased to announce our web-based result reporting and test ordering system. Ask about direct interfacing to your EMR/HER system.

Elliot Hospital Laboratory Physician-Portal

Elliot Hospital Laboratory's Physician-Portal offers physicians and their staff many important benefits:

SAVE TIME No more looking for lost or misplaced reports. Use Elliot Hospital Laboratory's Physician-Portal to quickly look up reports for viewing or printing.

CONVENIENT Now your results are accessible from anywhere you have access to the Internet.

EASY If you know how to surf the web, then you can use Elliot Hospital Laboratory's Physician-Portal.

NO-HASSLE Elliot Hospital Laboratory's Physician-portal eliminates the need for extra hardware in the office; simply use your existing computer and Internet connection.

LIMITS RISK Test ordering functions check for medical necessity and help eliminate risk of non-compliance.

SAVES MONEY Put an end of inefficient chart pulls, and reduce phone calls to and from the lab concerning incomplete requisition forms.

USEFUL Cumulative reports can be easily created and displayed in graphics or spreadsheet formats. Longitudinal studies can be viewed for multiple analytes, and then stored as templates for later use.

Ask for your FREE login today!

PERSONALIZED-Basic and historical reports can be customized for color, presentation, and then saved for later use.

COMPLETE The Elliot Hospital Laboratory's Physician-Portal was designed to meet the needs of our most demanding clients. This comprehensive system is loaded with all the features you'd expect: result retrieval, report printing, test ordering, and supply ordering. It's all here!

NO COST Elliot Hospital Laboratory's Physician-Portal is available free of charge and is available exclusively to our clients.

SECURE The Elliot Hospital Laboratory's Physician-Portal uses the latest in Internet security technology, including firewalls, password protection schemes and the same 128 bit encryption used by banking institutions.

PROVEN We have teamed up with leading lab technology company Lifepoint Informatics to create Elliot Hospital Laboratory's Physician-Portal. Lifepoint Informatics has already helped several labs launch web-based lab portal services, and its system is in use and trusted by thousands of physicians nationwide.
