

TeamSTEPPS Training Required Sign Up

TeamSTEPPS is a program to develop staff teamwork and communication methods that optimize patient safety. Elliot Health System feels that these concepts are vital and will support more efficient care delivery, improved patient outcomes, and further patient and staff satisfaction. The courses are interdisciplinary and will include provider, nursing and other ancillary clinical staff.

You are required to attend one of these courses prior to your first reappointment.

Each class has a maximum capacity of 50 spots

Classes are only offered quarterly
