The Elliot Hospital Associates presented the 1890-1902 historic Elliot Hospital patient register to the Manchester Historic Association. This document of the very first Elliot Hospital admissions offers a unique view into the earliest years of hospital admissions. The people in this log, admitted to the Elliot Hospital, tell a story about Manchester’s history of textile mills, railroads, farming, home life, and more. The Elliot Hospital Associates are proud to donate the historic register in order to share this rich history with the people of the city of Manchester and the broader public of the State of New Hampshire.

The Associates pledged $500,000 to the Solinsky Center for Cancer Care at the Elliot. This year, another $90,000 has been donated.

Although we weren’t able to gather in person, the Associates came up with creative ways to raise funds. Fundraising initiatives included:

- A virtual bake sale
- An online candy sale
- Drawings for handcrafted rocking horse and airplane
- Annual holiday calendar sale
- Fundraising nights at local restaurants

The Varick fund benefited 20 patients and gave over $68,000 between July 1, 2020, and June 30, 2021. The purpose of this Fund is to pay the outstanding bills of patients in need at the Elliot Hospital and is overseen by the Elliot Hospital Associates.
